5. The committee felt that the allocation of production responsibility for the various sections and chapters of the NIS should be deferred until the NIS outline had been completed. The committee requested the chairman to investigate the possibility of CIA assuming production responsibility for Chapter VIII (Scientific). It was decided to take up the matter of the NIS priority list at the next meeting to be held at 1000 on Monday, 27 October 1947.

The meeting adjourned at 1500.

SUBJECT: NIS (Tentative) TURKEY

1. Conferences at CIA have resulted in:

a. Decision to not publish JANIS 51 Turkey.

b. Decision to use material prepared for JANIS Turkey and SID Turkey as the basis of NIS Turkey (Tentative) in order to turn out NIS (Tentative) Turkey at earliest practical date.

2. Chapters of NIS (Tentative) Turkey are as follows:

	Responsible Agency	ID Member Responsible for Coordination

3. The above allocation of responsibilities for chapters does not represent final allocation of responsibility for portions of NIS. It is based on the fact that the tentative Turkey NIS will be based on material available from JANIS and SID and ID has SID on Turkey practically finished.

4. The ID members listed as responsible for coordination of chapters for which ID is responsible will:

a. Using SID Turkey as a basis, come to an agreement with interested other services on a working level as to the inclusion of any other data, prepared for similar chapters of JANIS 51 Turkey, that might be included in SID Turkey as it becomes NIS (Tentative) Turkey.

b. Coordinate any changes from SID with Eurasian Branch.

c. Request Dissemination Branch to reproduce and issue 5 copies of each SID chapter on Turkey for distribution by ID chapter coordinator to State, Navy, Air, and CIA.

5. The ID coordinators for chapters for which State is responsible will collaborate with the latter to consolidate the pertinent material already prepared for the SID and JANIS on Turkey.

6. Coordinating ID members will after consultation with the other agencies concerned recommend changes and additions to SID outline which are necessary to satisfy the working level requirements of the other interested agencies in the production of NIS.

7. These recommendations should be made to Chief, Intelligence Group by 31 October in order that they may be submitted to the Ad Hoc NIS Committee for approval.
